

Hello,

I'm applying for assistance through Telecommunications Access Iowa, a program that helps Iowans who are Deaf, hard-of-hearing, or have speech difficulties get specialized telecommunications equipment to stay connected.

As part of the application process, I need a qualified professional—like yourself—to verify that I have a hearing loss or speech difficulty that makes it hard for me to use standard telephone equipment.

Once I submit my online application, an email will come to your inbox requesting your verification. It will request your signature, contact information, and State License Number. This step is really important to help me qualify, and I truly appreciate your time and support.

If you have any questions about the program or what's needed, you're welcome to reach out to Telecommunications Access Iowa directly at info@teleiowa.com

Thank you so much for helping me with this!
